

Just Leaving You

Seeing no car coming nearer.....
hearing no noise at the door.....
No one to come...No !
There´ s no One to come....
no One to come anymore.....
Yet it was Me....resolved to leave....
for reasons We both knew to well....
thought it was best....leaving You.....

Just leaving You.....leaving is easy.....
with all those dreadful scenes....with all these broken dreams...
But forgetting.....forget all your traces.....
forget your embra - a - ces....: Find no way doing this.....
Just leaving You....leaving is easy....
with all my heavy cries....with all your stubborn lies....
but forgetting....forget all our kisses....
forget our blisses....: There´ s no way doing this.....
How much (I) try t´ GET with it.....get a new LIFE, (a) clean slate it´ s still YOU who is KEEPing the
keys

of my memory´ s doors and it seems they are there...
to sta - ay.....forever stay.....
Hearing no call coming louder....seeing but shadows of th´ past.....
No One is near, No !
There is no One who´ s here.....
And I ask : Am I all this to bear....?

Just leaving You.....leaving is easy....
with all those problems big....with all your petty tricks....
but forgetting.....forget all your traces....
forget your embra - aces.....
Find no way.....find no way... doing this.....
